'Stitched Surfaces to Dye'

Using white or neutral fabrics create a variety of stitched surfaces. Layers of undyed fabric and threads will be combined in a variety of manners, giving the opportunity to create manipulated and richly embellished stitched surface. Once stitching is complete students will have the opportunity to dye paint their work with a wonderful personally selected colour scheme.

Sue Waldron

'Crazy Patchwork blocks for bags, cushions or hangings'

Using the foundation piecing method create patchwork blocks that can be decorated using lace, ribbon, braids, embroidery stitches, beads and anything else you care to add. These blocks can be made up into items such as bags, cushions and hangings

Fay Maxwell

'Masses of stitches and Masses of Thread'

All our favourite stitches, and many more. Using them 3 dimensionally and as added texture. Traditional techniques are re-applied using a variety of threads, all of different weights. Thinking back to all those old friendly stitches, and bringing them up to date with all the varieties of threads now available to us. A weekend to indulge in doodling with our favourite styles of embroidery
